

The Oldest and Best.

S. S. S. is a combination of roots and herbs of great curative powers, and when taken into the circulation searches out and removes all manner of poisons from the blood, without the least shock or harm to the system. On the contrary, the general health begins to improve from the first dose, for S. S. S. is not only a blood purifier, but an excellent tonic and strengthens and builds up the constitution while purging the blood of impurities. S. S. S. cures all diseases of a blood-poison origin. Cancer, Scrofula, Rheumatism, Chronic Sores and Ulcers, Eczema, Psoriasis, Salt Rheum, Herpes and similar troubles, and is an infallible cure and the only antidote for that most loathsome disease, Contagious Blood Poison.

A record of nearly fifty years of successful cures is a record to be proud of. S. S. S. is more popular today than ever. It numbers its friends by the thousands. Our medical correspondence is larger than ever in the history of the medicine. Many write to thank us for the great good S. S. S. has done them, while others are seeking advice about their cases. All letters receive prompt and careful attention. Our physicians have made a life-long study of blood and skin diseases, and better understand such cases than the ordinary practitioner who makes a specialty of no one disease.

We are doing great good to suffering humanity through our consulting department, and invite you to write us if you have any blood or skin trouble. We make no charge whatever for this service.

THE SWIFT SPECIFIC CO., ATLANTA, GA.

PROFIT IN SUGAR CANE.

Judge Tillman's View of Prospects in Georgia and Florida.

Until late southern Georgia and Florida have been ignored by home-seekers, but since learning of their profitable products the number of inquiries has simply been immense. Prominent among the multitudinous profitable products that these sections are capable of growing to great perfection, sugar cane, as a staple crop, holds a pre-eminence for the present. And, indeed, it is entitled to a front rank. Think of it. Some of our farmers the past season realized from \$150 to \$250, and in a few instances, nearly, if not quite, \$300 per acre from their sugar-cane crops. Where is the country that can show such profitable results from the small amount of outlay and labor required to produce and prepare for market such crops? A one-horse farmer can cultivate twenty to twenty-five acres as cheaply as he can a like number of acres in corn, and at about one-third of what would be the cost for the number of acres in cotton. Then it is manifestly clear that God never intended this for a cotton-producing country.

But, says one, if you devote the entire territory of southern Georgia and Florida that is adapted to the growing of cane to its culture, it will depress the market like an over production of cotton. My friend, inform yourself from statistics of the vast amount of sugar imported from other countries together with the rapidly-increasing consumption per capita, and you will not be slow in changing your opinions and admit that the possibilities of southern Georgia and Florida are yet in their waddling attire. But suppose we could stop \$20,000,000 of the outflow of the nearly \$200,000,000 to other countries, can you realize what the effect would be? What would lands of this section be worth? Our per capita consumption of sugar in 1890 was thirty-six pounds; in 1900 it had increased to sixty-seven pounds in round numbers, to say nothing of the increase of population. The increase

DO YOU GET UP

WITH A LAME BACK?

Kidney Trouble Makes You Miserable.

Almost everybody who reads the newspapers is sure to know of the wonderful cures made by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy. It is the great medical triumph of the nineteenth century; discovered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing lame back, kidney, bladder, uric acid trouble and Bright's Disease, which is the worst form of kidney trouble.

Dr. Kilmer's Swamp-Root is not recommended for everything but if you have kidney, liver or bladder trouble it will be found just the remedy you need. It has been tested in many ways, in hospital work, in private practice, among the helpless too poor to purchase relief and has proved so successful in every case that a special arrangement has been made by which all readers of this paper who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root and how to find out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Birmingham, N. Y. The regular fifty cent and dollar sizes are sold by all good druggists.

shows a remarkable aggregation of consumption.

Cane can be grown on an area of not less than 50,000 square miles in Georgia and Florida. The pine lands constitute much the larger portion, and is by far the best, as the cane contains 23 1/2 per cent. of sugar content, while the Louisiana cane contains 11 per cent. There is no crop that can be grown that is so universally certain; none that possesses greater drought-withstanding power. It will thrive under most any and all conditions of seasons. Then what is lacking? Just let it be known, and our entire sugar belt will soon be filled with a thrifty, frugal class of immigrants, who will produce more kinds of profitable crops than can be raised in any other part of the continent. Another great advantage that will readily present itself over the north and west is that the farmers can grow other profitable crops every month in the year. Another is that the people of this entire section are noted for their hospitality, refinement and intelligence. The educational advantages are excellent. Our climate is delightful the year round.

The industrial advancement of this section is going on at such a rapid rate, and that without proper encouragement, that the unwary stand agast and seemingly enquire whether it is really himself or some one else that's living.—Joseph Tillman, of Quitman, Ga., in Baltimore Manufacturer's Record.

How's This!

We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure.

F. J. CHENEY & Co., Toledo, O. We, the undersigned, have known F. J. Cheney for the last fifteen years, and believe him perfectly honorable in all business transactions and financially able to carry out any obligations made by their firm.

Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system. Price 75c. per bottle. Sold by all druggists. Testimonials free. Hall's family pills are the best.

The 20th Century Woman.

This is the golden era of the ages—it is the diamond age for women.

In a recent address delivered before the West End Woman's club, of Chicago, entitled "The Twentieth Century Woman," Mrs. Margaret Sangster touched upon many things that have from time to time appeared in these columns and which we commend. Among other things Mrs. Sangster said:

"The woman of the twentieth century is going to be the most beautiful woman that has ever lived. Great beauty comes from perfect health, and woman is going to be healthy because she will eat wholesome food and take plenty of exercise."

"Not only is the woman of the twentieth century going to be beautiful herself, but she is going to wear beautiful clothes. She is going to have the prettiest gowns that have ever been seen. It need not follow that her dresses will be extravagant, and that she is going to ruin her husband by her extravagance, for that is far from my meaning. But her clothes are going to be dainty and artistic."

Cured a Running Sore.

"I had a bad running sore on my breast for over a year," says Henry B. Richards, of Wilkesville, N. Y., "and tried a great many remedies, but got no relief until I used Banner Salve. After using one half box, I was perfectly cured. I cannot recommend it too highly, and will never be without it in the house." Anti-Monopoly Drug Store.

A Big Strike On.

The general strike of the employees in the machinery and allied metal trades throughout the country to enforce a nine-hour day with an increase of wages to meet the reduction in the hours of labor took effect Monday.

The strike spreads over a large extent of country including nearly all sections.

One of the firms that voluntarily closed its doors says that it would not object to the nine-hour law if it were general in all the states, but with ten hours in some states and nine in others make competition unfair and unreasonable and almost impossible, and it is unjust for the owners of plants to comply with the demands of the mechanicians until the matter can be made general.

Dodson's Printers' Supply house in Atlanta was the first to sign the nine hour law.

You Know What You Are Taking When you take Grove's Tasteless Chill Tonic, because the formula is plainly printed on every bottle, showing that it is simply Iron and Quinine in a tasteless form. No cure, no pay. 50c.

Our line of shoes seem to please everyone who tries a pair. Come around and we'll please you, too. M. Fishel.

DR. THACHER'S LIVER AND BLOOD SYRUP

For LIVER, KIDNEYS and BLOOD. Try it.

25 and 50 cents at your Druggist.

Life in Florida a Sweet Song.

Mr. James A. Holloman, managing editor of the Times-Union and Citizen, while on a visit to Atlanta spoke of life in Florida to an Atlanta Journal reporter as follows:

"Oh, Florida is all right. We have the only state in the country. I thought Georgia was the best until I went to Florida. There is nothing in all this country to compare with the Land of Flowers. Everybody is out for a good time and everybody gets what is wanted. The busy season is over now and we are just settling down to a pleasant summer vacation with nothing to worry us. Weather delightful; money free as the sunshine. When you get tired working for a living, just come to Florida and enjoy yourself."

It is, perhaps, proper to say that Mr. Holloman's visit was just before the Jacksonville fire.

National Mental Science Association.

The above named association will convene at Sea Breeze next Thanksgiving day.

It will be a gathering of great importance to the state as it will induce people to come to Florida from all parts of the world.

The members of this association who have their headquarters at Sea Breeze have made the people of all countries familiar with the beauties of our state by descriptive writings, illustrations and their weekly publication, a widely read newspaper entitled, Freedom.

They have been largely instrumental in building up a town that has called forth the admiration of thousands of tourists who visit it annually.

The holding of the national meeting at Sea Breeze means much for the whole state.

Beware of a Cough.

A cough is not a disease but a symptom. Consumption and bronchitis, which are the most dangerous and fatal diseases, have for their first indication a persistent cough, and, if properly treated as soon as this cough appears, are easily cured. Chamberlain's Cough Remedy has proven wonderfully successful, and gained its wide reputation and extensive sale by its success in curing the diseases which cause coughing. If it is not beneficial it will not cost you a cent. For sale by the Anti-Monopoly Drug Store.

The State Convicts.

The bill introduced in the lower branch of the legislature by Mr. Chambers of this county prohibiting the convicts from being leased to phosphate miners passed that body by vote of 46 to 15.

The bill was ably championed by Messrs. Chambers and Zewadski, of Marion, Mr. Fulton, of Hernando, Mr. Jackson, of Citrus, and others.

The public conscience is being aroused and the legislature in adopting the measure is only obeying the behests of the good people of the state.

Kidney Diseases

CURED THAT HAD BEEN pronounced incurable

Mr. G. A. Stillson, a merchant of Tampico, Ill., writes: **FOLEY'S KIDNEY CURE** is meeting with wonderful success. It has cured some cases here that physicians pronounced incurable. I, myself am able to testify to its merits. My face to day is a living picture of health, and your Kidney Cure has made it such. I had suffered twenty-seven years with the disease, and to day I feel ten years younger than I did one year ago. I can obtain some wonderful certificates of its medical qualities.
